1. Objectives and Purpose of the Call for Proposals

The overall purpose of this call for proposals is to provide grants to local civil society organizations in Ukraine focused on peacebuilding and recovery with local women and young women's rights organizations. The call for proposals specifically contributes to WPHF's overall goal of contributing to peaceful and gender equal societies.

Initiatives should aim to reach those women and girls experiencing multiple and intersecting forms of discrimination, such as those excluded due to geography, ethnicity, disability, sexual orientation, age, migratory status, HIV status, among others and which is in alignment with the 2030 Agenda and the principle of leaving no one behind.

This Call for Proposals is part of funding [on Forced Displacement](#) that is managed by the [Women's Peace and Humanitarian Fund \(WPHF\)](#) and linked to Germany's [Action Network on Forced Displacement](#). Please see the appendix for more information about the Women's Peace and Humanitarian Fund and the Action Network for Forced Displacement.

2. Country Context Linked to Call for Proposals

Context for Impact Area 6 "Peacebuilding and Recovery" of Forcibly Displaced Populations

Many internally displaced people are unable to maintain a decent standard of living for themselves and their families due to difficulties in finding a job and high costs associated with settling in a new place. Displacement increases the number of women-headed households and women shoulder the responsibility of ensuring their families' economic survival and resilience with already strained resources. Displaced women and girls are important actors and change agents for the management and resolution of the conflict, they act as political activists and advocates to inform longer-term peace and security efforts, they promote social cohesion of their communities, and they demand access to more equitable social, economic and political decision-making mechanisms at home and abroad.

About the Women's Peace and Humanitarian Fund (WPHF)

The WPHF is a global pooled funding mechanism which aims to stimulate a significant increase in financing for women's participation, leadership, and empowerment in peace and security processes and humanitarian response. The WPHF is a flexible and rapid financing mechanism. It supports quality interventions designed to enhance the capacity of local women to prevent conflict, respond to crises and emergencies, and seize key peacebuilding opportunities. The overall goal of the WPHF's theory of change is to contribute to **peaceful and gender equal societies**. Achievement of this goal will require that women are empowered to participate in, contribute to, and benefit from conflict prevention, crisis response,

peacebuilding, and recovery. Since its launch in 2016, WPHF has been supporting over 1,000 civil society organizations and is present in 44 countries.

The WPHF is governed by a Funding Board at the global level, which is comprised of four UN entities (currently UN Women, UNHCR, UNFPA and PBSO), four donor Member States (currently Austria, United Kingdom, Germany, and the United States), as well as 4 Civil Society Organizations (currently Feminist Humanitarian Network, Kvinna till Kvinna, She’s the First and Reach Out Cameroon).

At the country level, the final selection of shortlisted proposals will be undertaken by a National Steering Committee, which is comprised of UN agencies, civil society organizations, donor representatives and governments.

About the Action Network on Forced Displacement

The Action Network on Forced Displacement – Women as Agents of Change was established in October 2020 by Germany’s Federal Ministry for Economic Cooperation and Development (BMZ). It aims to increase the visibility of women and girls by giving them a voice as actors in situations of forced displacement and strengthening their rights as well as their economic and social participation. The Action Network brings together women and girls as well as men and boys who are actively engaged with displaced women and girls. This includes decision-makers from political, economic and social spheres, activists, and displaced women and girls themselves who are implementing projects in crisis and conflict settings. The Action Network aims to identify effective good practices for strengthening women’s leadership and economic participation and improving psychosocial health of displaced women and girls. Members of the Action Network convene regularly to discuss good practices and develop recommendations for policymakers, civil society and local actors to inform policy processes.
